[\(877\) 286-5733](tel:(877)286-5733) United States (Toll-free)

Conference ID: 353 718 519#

To: Attendees

Project: Regional Needs Study

From: Alan Glen

Date: July 17, 2020

Subject: Meeting Agenda

AGENDA ITEM

1. Present Existing Conditions Key Findings

2. Question and Answer Session on Key Findings

3. Discuss and Clarify any Questions or Comments Received from Agencies on the Existing Conditions Report. Hopefully we will have Lemoore's comments available so we can get all clarity needed and be able to move to the Final Report.

4. Based upon the Existing Condition Findings, present our initial thoughts on Candidate Locations that would be carried into the next phase of the study. We want to validate with the stakeholders and solicit any other key candidate locations that should rise to the highest priorities for the study as well. Keep in mind that while we included data and discussion of findings in the Existing Conditions Report that were not associated with the 3 state highways, the next phase will be focused around the 3 state highways.

5. Discuss community outreach strategies in this pandemic environment.

6. Schedule Update and Next Steps Discussion.
