INTRODUCTORY SECTION

December 2, 2024

Board of Directors
Kings County Area Public Transit Agency
610 W 7th Street
Hanford, CA 93230

With pleasure, we submit to you Kings County Area Public Transit Agency's (KCAPTA) Annual Comprehensive Financial Report (ACFR) for the fiscal years ending June 30, 2024 and 2023. KCAPTA must undergo an annual audit in conformity with the provisions of the Uniform Guidance as it pertains to audits of state and local governments. State law requires that KCAPTA publish a completed audited financial statement within six months of the close of the fiscal year in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of Certified Public Accountants licensed to practice in the State of California.

This report consists of management's representations concerning the finances of KCAPTA. Responsibility for the data's accuracy and the completeness and fairness of the presentation, including all disclosures, rests with KCAPTA management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents the financial position and results of KCAPTA's operations. Disclosures are included to enable the reader to understand KCAPTA's activities.

Brown Armstrong Accountancy Corporation, a licensed Certified Public Accounting firm, has audited KCAPTA's financial statements for the fiscal years ending June 30, 2024 and 2023. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit includes examining evidence supporting the amounts and disclosures in the financial statements on a test basis, assessing the accounting principles and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor's findings are contained in a separate report.

The independent audit was also designed to meet the requirements of a broader, federally mandated "Single Audit" to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. The reports related specifically to the Single Audit are issued under separate cover.

GAAP requires that management provide a narrative introduction, statement overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). KCAPTA's MD&A immediately follows the report of the independent auditors.

KCAPTA

As stewards of the taxpayer's money, KCAPTA continues to achieve its primary objective of safeguarding the funds entrusted to us. Our primary focus is planning, securing, and controlling KCAPTA's financial resources. This includes:

- **Developing an Accurate Budget**
Develop a realistic budget that indicates what expenditures KCAPTA will incur during the fiscal year. The budget clearly shows how much KCAPTA can spend on each activity.
- **Secure Funding**
Research, apply, and secure all available funding opportunities to ensure adequate cash flow to support the construction, operation, and maintenance of KCAPTA's transportation system. This includes the day-to-day operations as well as long-term goals.
- **Maintaining Transparency**
Provide transparency in our operations to all the stakeholders of KCAPTA to instill a sense of trust through consistent actions that show we are reliable, cooperative, and committed to the success of KCAPTA. This includes providing thorough and accurate financial information to all stakeholders.

ACKNOWLEDGEMENTS

The preparation of this report was only possible with the efficient and dedicated services of KCAPTA Staff. The preparation of this ACFR is a manifestation of Staff's dedication to improving the reporting standard to the Board of Directors and KCAPTA's clientele.

Respectively submitted,

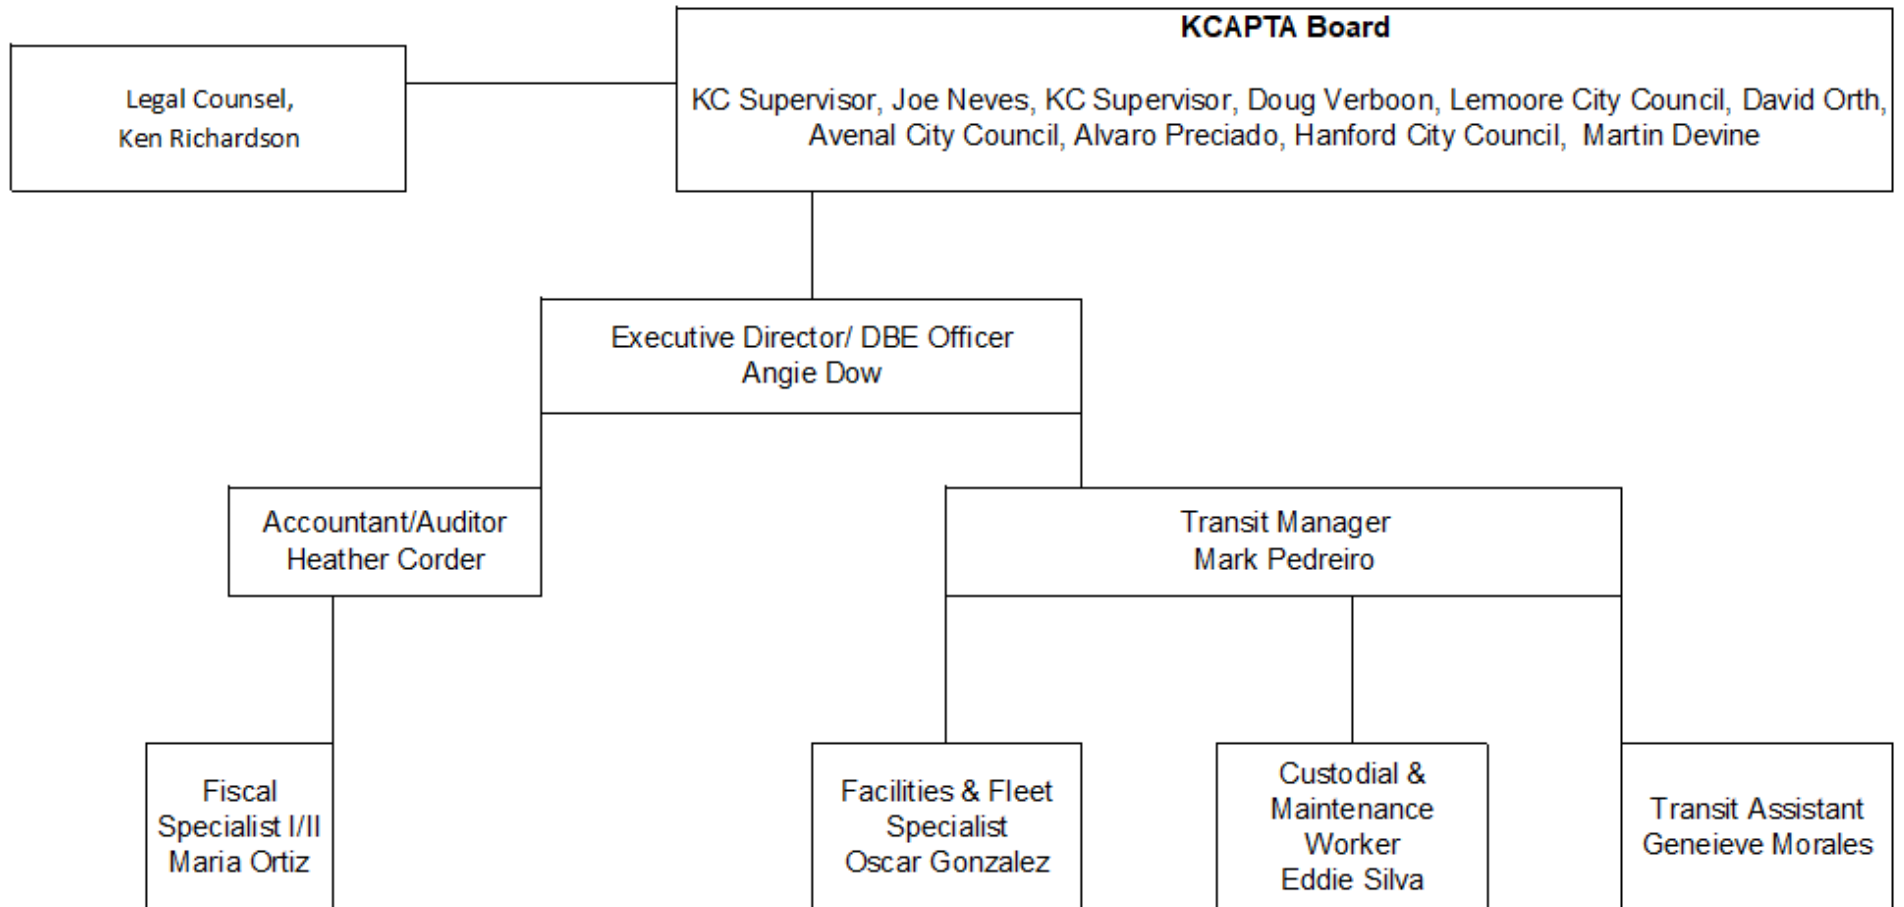

Heather Corder

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Kings County Area Public Transit Agency

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying basic financial statements of the Kings County Area Public Transit Agency (KCAPTA) as of and for the fiscal years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise KCAPTA's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of KCAPTA, as of June 30, 2024 and 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KCAPTA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KCAPTA's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KCAPTA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KCAPTA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Proportionate Share of the Net Pension Liability, and Schedule of Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

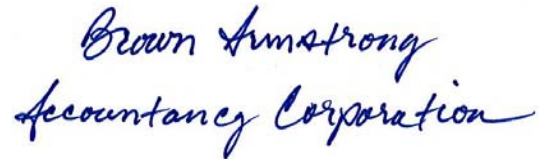

Management is responsible for the other information included in the annual report. The other information comprises the Introductory and Statistical Sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2024, on our consideration of KCAPTA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of KCAPTA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering KCAPTA's internal control over financial reporting and compliance.

**KINGS COUNTY AREA PUBLIC TRANSIT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024 AND 2023**

Introduction

The following discussion and analysis of the financial performance and activity of the Kings County Area Public Transit Agency (KCAPTA) provides an introduction and understanding of the basic financial statements of KCAPTA for the fiscal years ending June 30, 2024 and 2023. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section.

Kings Area Rural Transit (KART) operations in Kings County began in June of 1980 as a joint powers agency comprised of the County of Kings and the Cities of Hanford, Lemoore, Corcoran, and Avenal. In June of 1982, the City of Corcoran determined that the City of Corcoran's reasonable transit needs were being met by its transportation services and withdrew from the agency.

KCAPTA started vanpool programs in 2001. These programs expanded, operating in multiple counties. In 2008, KCAPTA began separating the vanpool programs into a new joint power entity comprised of the counties in which the vanpool programs operate. This process was completed with the formation of the California Vanpool Authority (CalVans) in October 2011. CalVans began operating the vanpool programs as of January 1, 2012. All assets related to the vanpool programs and related staff were transferred to CalVans as of January 1, 2012.

KCAPTA is governed by a five-member Board of Directors (the Board), two of which are appointed from the Kings County Board of Supervisors, one appointed from the City of Hanford, one appointed from the City of Lemoore, and one appointed from the City of Avenal.

KCAPTA operates nine routes in the Hanford area, two routes in the Lemoore area, one route between Hanford and Lemoore, three county routes, two commuter routes, and two regional routes.

KCAPTA has 44 revenue vehicles (29 buses, 11 cutaways, two electric vehicles, and two vans), seven employees in administration, and 59 contracted employees (MV Transportation, Inc.) working in three Hanford operations and administrative locations: Hanford Transit Center, KCAPTA Administrative Office, and KART Maintenance Facility.

The Financial Statements

KCAPTA's basic financial statements include:

- (1) The Statement of Net Position.
- (2) The Statement of Revenues, Expenses, and Changes in Net Position.
- (3) The Statement of Cash Flows.

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

The Statement of Net Position reports assets and deferred outflows of resources, liabilities and deferred inflows of resources, and the difference as net position. The entire equity section is combined to report the total net position and is displayed in three components: net investment in capital assets, restricted net position, and unrestricted net position.

The net position component of net investment in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation/amortization. The outstanding balances of any borrowings attributable to the acquisition, construction, or improvements of those assets reduce it.

The restricted net position consists of assets where constraints on their use are externally imposed by creditors (such as through debt covenants, if any), grantors, contributors, or laws and regulations of other governments.

The unrestricted net position consists of net position that does not meet the definition of restricted or net investment in capital assets. This component includes net position designated by management as operating or capital reserves for purposes that may consist of assets allocated to fund capital projects or operations, provided such use is approved by the KCAPTA Board.

Revenues and expenses are categorized as either operating or non-operating based upon the definitions provided by Governmental Accounting Standards Board (GASB) Statements No. 33 and No. 34. Significant recurring resources of KCAPTA are reported as non-operating revenues.

The Statement of Cash Flows is presented using the direct method and includes a reconciliation of operating cash flows to operating income (loss).

Financial Highlights

Statement of Revenues, Expenses, and Changes in Net Position

A summary of KCAPTA's Statements of Revenues, Expenses, and Changes in Net Position for fiscal years 2024, 2023, and 2022 is as follows:

	2024	2023	Increase/(Decrease)		2022
			Amount	%	
Operating revenues	\$ 1,363,942	\$ 1,162,136	\$ 201,806	17%	\$ 901,673
Operating expenses	<u>10,039,352</u>	<u>8,488,616</u>	<u>1,550,736</u>	18%	<u>7,989,994</u>
Operating loss	<u>(8,675,410)</u>	<u>(7,326,480)</u>	<u>(1,348,930)</u>	-18%	<u>(7,088,321)</u>
Non-operating revenues	7,533,114	7,282,906	250,208	3%	5,789,785
Capital contributions and transfers	<u>11,070,732</u>	<u>2,271,315</u>	<u>8,799,417</u>	387%	<u>1,001,747</u>
Increase (decrease) in net position	<u>\$ 9,928,436</u>	<u>\$ 2,227,741</u>	<u>\$ 7,700,695</u>	346%	<u>\$ (296,789)</u>

KCAPTA's fiscal year 2024 operating revenues increased by 17%, and operating expenses increased by 18% over fiscal year 2023. The fiscal year 2024 operating revenues increased due to increased passenger fares. Operating expenses increased primarily due to an increase in Professional and Special Services. The operating expense increase comes from an increase in the contract with MV Transportation, Inc..

Non-operating revenues are primarily operating subsidies from federal, state, and local funding sources. The increase in non-operating revenues is primarily due to the utilization of the State Transportation funds and 5307 funds allocated to KCAPTA.

Capital contributions in the fiscal year 2024 were higher than fiscal year 2023 due to Section, 5307, and 5311 grants along with State grants used in the amount of \$11 million received this fiscal year. Projects for fiscal year 2024 included the purchasing of two new CNG vehicles, equipment for the shop, SIMI seats for the shelters, CNG bus engine rebuilds and the construction of the KART Transit Center.

The combined operating and non-operating revenues for 2024 increased by \$9 million over fiscal year 2023. The increase in operating revenues was due to revenues from passenger fares. The increase in the non-operating revenue was due to purchasing of two CNG buses and the construction of the KART Transit Center.

Below is a schedule showing major sources of revenue broken out between operating and non-operating sources.

	2024	2023	Increase/(Decrease)		2022
			Amount	%	
Operating Revenue by Major Source:					
Passenger	\$ 1,254,118	\$ 1,045,677	\$ 208,441	20%	\$ 794,566
Auxiliary	109,824	116,459	(6,635)	-6%	107,107
Non-Operating Revenue by Major Source:					
Local Transportation Fund	1,321,182	138,769	1,182,413	852%	200,442
State Transit Assistance	32,084	467,561	(435,477)	-93%	125,841
Federal Cash Grants	5,774,070	6,428,345	(654,275)	-10%	5,244,991
Fresno Rural Transit	41,194	42,795	(1,601)	-4%	58,486
Miscellaneous	104,900	89,334	15,566	17%	92,492
Gain on Sale of Equipment	5,136	2,859	2,277	80%	21,233
Interest Income, Net	254,548	113,243	141,305	125%	46,300
Total Revenue	\$ 8,897,056	\$ 8,445,042	\$ 452,014	5%	\$ 6,691,458

KART's passenger fares increased by \$208,441 or 20% in fiscal year 2024 over fiscal year 2023. This was due to an increase in fares received. Passenger fares indicate that KART Transit has recovered from COVID-19.

Auxiliary revenue decreased by \$6,635 or -6% due to a decrease in advertising revenue and concessions revenue.

Local Transit Funds increased by \$1,182,413 or 852% primarily due to an increase in matching the federal grants for operations.

State Transit Assistance Funds decreased by \$435,476 or -93% primarily due to using STA funds as matching funds for the federal grants.

Federal cash grants decreased by \$654,275 or -10% due to a decrease in the Federal Grants funds received for the purchase of buses.

Miscellaneous revenues increased by \$15,566 or 17% due to a slight increase in the LCFS credits received during the fiscal year.

Gain/loss on the sale of equipment increased by \$2,277 or 80% due to the swap of an electric bus from the manufacturer.

Interest income (expense), net increased by \$141,305 or 125% in fiscal year 2024 over fiscal year 2023. This increase was due to an increase in interest rates.

Below is a schedule showing the details of operating expenses.

	2024	2023	Increase/(Decrease)		2022
			Amount	%	
Salaries	\$ 584,499	\$ 508,493	\$ 76,006	15%	\$ 462,420
Fringe Benefits	245,259	216,974	28,285	13%	90,929
Maintenance - Equipment	96,611	99,799	(3,188)	-3%	80,080
Fuel and Oil	335,493	448,997	(113,504)	-25%	357,667
Other Materials and Supplies	20,848	22,700	(1,852)	-8%	12,627
Rents and Leases	-	-	-	0%	-
Utilities	72,877	65,980	6,897	10%	67,618
Insurance	31,642	38,075	(6,433)	-17%	69,224
Purchased Transportation	5,756,606	4,287,339	1,469,267	34%	4,143,419
Miscellaneous	1,203,019	985,186	217,833	22%	1,013,200
Depreciation and Amortization	1,692,498	1,815,073	(122,575)	-7%	1,692,810
Total Operating Expenses	\$ 10,039,352	\$ 8,488,616	\$ 1,550,736	18%	\$ 7,989,994

Operating expenses (excluding depreciation) for fiscal year 2024 were \$8,346,854, a net increase from 2023 of \$1,673,311 or 25%. Salaries and fringe benefits increased \$104,291 or 14%, due to salary increases and an increase in the cost Health Insurance. Fuel decreased by \$113,504 or -25%, due to decreases in the cost of fuel.

The purchased transportation contract increased \$1,469,267 due to an increase in the contracted prices for MV Transportation, Inc.

Depreciation and amortization expense decreased by \$122,575 from \$1,815,073 in 2023 to \$1,692,498 in 2024. The decrease was due to six buses being fully depreciated in fiscal year 2024.

Statement of Net Position

A comparison of KCAPTA's Statements of Net Position as of June 30, 2024, 2023, and 2022, is as follows:

	2024	2023	Increase/(Decrease)		2022
			Amount	%	
Current assets	\$ 17,978,807	\$ 11,854,670	\$ 6,124,137	52%	\$ 10,144,024
Noncurrent assets:					
Capital assets, net	25,379,073	15,995,700	9,383,373	59%	14,026,289
Total Assets	43,357,880	27,850,370	15,507,510	56%	24,170,313
Deferred outflows of resources	252,786	243,191	9,595	4%	106,444
Current liabilities	13,266,171	7,706,283	5,559,888	72%	6,374,662
Noncurrent liabilities	502,069	467,998	34,071	7%	118,328
Total Liabilities	13,768,240	8,174,281	5,593,959	68%	6,492,990
Deferred inflows of resources	8,616	13,906	(5,290)	-38%	106,134
Net position:					
Net investment in capital assets	25,294,643	15,887,703	9,406,940	59%	14,024,622
Restricted (interest earned on grant funds)	-	19,790	(19,790)	-100%	33,047
Unrestricted	4,539,167	3,997,881	541,286	14%	3,619,964
Total Net Position	\$ 29,833,810	\$ 19,905,374	\$ 9,928,436	50%	\$ 17,677,633

Current assets increased by \$6,124,137 or 52% mostly due to a net increase in receivables.

Noncurrent assets increased by \$9,383,373 or 59% compared to fiscal year 2023 primarily due to the acquisition of fixed assets and construction on the KART Transit Center.

Deferred outflows of resources comprise the difference between expected and actual experience for pensions, changes in assumptions, and employer pension contributions made subsequent to the measurement dates of June 30, 2023, and 2022. Deferred outflows of resources increased by \$9,595 or 4%. They were primarily due to changes in pension assumptions, differences between projected and actual pension investment earnings, and changes in KCAPTA's proportionate share of the net pension liability. Deferred inflows of resources decreased by \$5,290 or -38% due to the same reason listed above.

Current liabilities increased by \$5,559,888 or 72% primarily due to an increase in accounts payable. The accounts payable balance in 2023 was \$253,377 which increased to \$5,104,347 as of June 30, 2024.

Noncurrent liabilities increased by \$34,071 or 7% due to an increase in net pension liability.

Statement of Cash Flows

A comparison presentation of KCAPTA's major sources and uses of cash for the fiscal years ended June 30, 2024, 2023, and 2022, is as follows:

	2024	2023	Increase/(Decrease)		2022
			Amount	%	
Net cash used by operating activities	\$ (2,130,697)	\$ (5,637,144)	\$ 3,506,447	62%	\$ (5,324,970)
Net cash provided by noncapital financing activities	5,230,997	6,576,271	(1,345,274)	-20%	8,466,742
Net cash provided (used) by capital and related financing activities	(24,322)	(1,430,018)	1,405,696	98%	18,684
Net cash provided by investing activities	<u>255,300</u>	<u>113,482</u>	<u>141,818</u>	125%	<u>46,453</u>
Net increase (decrease) in cash and cash equivalents	<u>3,331,278</u>	<u>(377,409)</u>	<u>3,708,687</u>	983%	<u>3,206,909</u>
Cash and cash equivalents, beginning of year	<u>7,961,318</u>	<u>8,338,727</u>	<u>(377,409)</u>	-5%	<u>5,131,818</u>
Cash and cash equivalents, end of year	<u>\$ 11,292,596</u>	<u>\$ 7,961,318</u>	<u>\$ 3,331,278</u>	42%	<u>\$ 8,338,727</u>

Overall, the total cash at the end of 2024 increased by \$3,331,278 over 2023 due to a net decrease in cash used by operating activities.

Capital Assets

Details of the capital assets, net of accumulated depreciation/amortization, as of June 30, 2024, 2023, and 2022, are as follows:

	2024	2023	Increase/(Decrease)		2022
			Amount	%	
Capital assets not being depreciated:

KCAPTA's capital assets had a net increase of \$9,383,373 in fiscal year 2024. The net increase was due to the building of the KART Transit Center and the purchase of new assets.

More detailed information about KCAPTA's capital assets and depreciation/amortization is presented in Note 4 of the Notes to the Financial Statements.

Long-Term Debt

At the end of the fiscal year 2024, KCAPTA had one (1) capital lease obligation outstanding in the amount of \$9,548.

More detailed information about KCAPTA's long-term debt is presented in Note 6 of the Notes to the Financial Statements.

Economic Condition, Outlook, and Activity

As the transit provider for Kings County, KCAPTA's role in providing local and regional transit services is continuously changing to meet an ever-changing environment. Economic changes are closely monitored because of the potential impact on transportation revenues.

KCAPTA prepares an operating and capital budget annually that the Board approves before the beginning of its fiscal year.

KCAPTA maintains strong financial policies for budget and reserve structures that help protect against economic swings and maintain operating liquidity. KCAPTA submits balanced budgets with reasonable estimates for future revenue and expense projections. In planning the KART Transit Center, KCAPTA has maintained reserve funds to ensure operations during any further unforeseen events. These reserves provide the operating liquidity necessary to run grant-funded projects, allowing contracts and projects to proceed on a readiness basis rather than forcing delays for cash-flow management.

While specific predictions can vary, the outlook for the US economy in 2025 suggests a gradual recovery and stabilization following the challenges of the COVID-19 pandemic and inflationary pressures. Analysts anticipate moderate economic growth, driven by consumer spending, increased business investments, and a potentially tighter labor market. However, factors such as interest rate adjustments by the Federal Reserve, global economic dynamics, and geopolitical events could significantly influence this trajectory. The continued emphasis on technological innovation and transition to green energy may also play a crucial role in shaping the economy. Overall, while there may be uncertainties, the expectation is for a resilient economy adapting to new challenges and opportunities.

Staff created KCAPTA's 2025 budget to recognize the expected economic change and its impact on federal transit funds availability, ridership, and revenues.

The capital budget consists of a multi-year bus engine rebuild project, acquisition of buses, bus stop improvements, and a new truck for Admin. Funding for these projects has been identified, approved by the Board, and committed to the projects. Additionally, KCAPTA is in the process of constructing a new Transit Center with Administrative offices. The first phase of the site selection and feasibility study was completed by KCAG in fiscal year 2018. The purchase of the land was completed in fiscal year 2021. KCAPTA applied and received a federal grant for the construction phase of this project.

KCAPTA will continue to pursue available funding and support towards increasing transit use to achieve our primary mission, moving people and connecting lives.

**KINGS COUNTY AREA PUBLIC TRANSIT AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Reporting Entity

Kings County Area Public Transit Agency (KCAPTA), a joint powers agency, comprises Kings County (the County) and the cities of Hanford, Lemoore, and Avenal. Operations began in June of 1980. KCAPTA oversees the operation of Kings Area Rural Transit (KART) and, until December 31, 2011, the Vanpool Systems program and the Agricultural Industries Transportation program (as of January 1, 2012, California Vanpool Authority (CalVans) assumed operations of the vanpool programs).

KCAPTA established the operating policies and defined the services to be provided by KART, including service hours and days, fares, and routes of the Public Transit System. The system's day-to-day management and actual operations are contracted with a private firm, MV Transportation, Inc. All operating personnel (managers, dispatchers, mechanics, and drivers) are employees of MV Transportation, Inc.

KART presently uses a fleet of vehicles ranging in size from 5-passenger vans to 33-passenger buses to provide transit services. Three levels of services are offered: fixed route, paratransit, and micro transit service. Paratransit service is available daily in Hanford, Lemoore, and Armona. There are regular Hanford-Lemoore, Hanford-Avenal, Hanford-Corcoran, Hanford-Laton, Hanford-Visalia, and Hanford-Fresno fixed route services, and commuter service to Corcoran State Prison. In addition to regular fares, there are cash cards and 30-day passes.

KCAPTA started the vanpool programs in 2001 to provide services for commuting people. The vanpool programs aimed to provide safe alternative transportation to travel to and from work. Due to the growth of the programs, a new agency was formed on October 21, 2011. The new agency, CalVans, assumed responsibility for the vanpool programs and took over the operations as of January 1, 2012. KCAPTA transferred all assets related to the operations of the vanpool programs to CalVans as of December 31, 2011.

Before July 4, 2005, KCAPTA was part of the governmental structure of the County of Kings (the County). On July 4, 2005, KCAPTA became a public entity separate from the County. Personnel became employees of KCAPTA and maintained the same employment benefits, rights, and protections afforded to employees of the County. The County provides the following benefits and services to KCAPTA on a cost-allocation basis: self-insurance benefits, fiscal and accounting services, banking and investment services, and information technology. KCAPTA reimburses the following services to the County: human resources and motor pool services. These services are reimbursed to the County based upon actual cost or rates established by the County for the services provided to non-County agencies. The County provides additional services to KCAPTA as needed, billed at the standard rate for actual services.

B. Measurement Focus and Basis of Accounting

The financial statements of KCAPTA have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Measurement Focus and Basis of Accounting (Continued)

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and all liabilities associated with operations are reported. Proprietary fund equity is classified as net position.

In the Statement of Net Position and Statement of Revenues, Expenses, and Changes in Net Position, business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or the economic asset used. Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with KCAPTA's principal ongoing operational activities. Charges to customers represent KCAPTA's principal operating revenues and include passenger fares and auxiliary revenues. Operating expenses include the cost of operating, maintenance, and support of transit services and related capital assets; administrative expenses; and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C. Pooled Cash and Investments

The County Treasurer pools cash from various governmental agencies for investment purposes. Interest received on the investment is prorated to individual agencies based on their average cash balances.

The County is authorized to deposit cash and invest excess funds by the California Government Code Section 53600 et. seq. Deposited funds maintained by the County are either secured by Federal depository insurance or collateralized. These pooled funds are carried at cost, which approximates fair value.

D. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, KCAPTA considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

E. Capital Assets

Purchases of capital assets are recorded at cost at the time of purchase. Capital assets are defined by KCAPTA as assets with an estimated useful life of more than one year and an initial individual cost of \$5,000 or more. Depreciation/amortization is computed using the straight-line method over the asset's estimated useful life ranging from five to fifty years.

	<u>Years</u>
Buildings and structures	25-50
Revenue equipment	5-10
Service vehicles, shop, office, and other equipment	5-10

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

F. Construction/Projects-in-Progress

Costs incurred for construction of associated facility improvements, building expansion, and/or large projects are capitalized as construction/projects-in-progress until they are complete and operational. Depreciation commences at the time of completion.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Accrued Vacation and Sick Leave

All regular full-time and regular part-time employees accumulate vacation based on length of service. Unused accrued vacation is paid out to employees at the date of termination.

All regular full-time and regular part-time employees accumulate sick leave based on length of service. If the employee retires in good standing from California Public Employees' Retirement System (CalPERS) at the time of their separation from KCAPTA employment, they will have, at their option, the ability to (1) apply to CalPERS for retirement service credit for their unused sick leave balance or (2) the option to receive a percentage of the dollar value of accrued sick leave (at the time of retirement) put into an "account" to be used toward the County health insurance premiums only, at a rate not to exceed the family option per month until the employee is eligible (by age) for Medicare or the money runs out, whichever is first. The retiree health benefit percentage shall be as follows:

Service Hours	Percent of Compensation (based on hours) Health Benefit
20,801-31,200	25%
31,201-41,600	35%
41,601 and over	45%

The accrued vacation liability and 25% of accrued sick leave liability is recorded on the Statement of Net Position as a current liability. Changes to the liability are recorded as an increase or decrease to operating expenditures on the Statement of Revenues, Expenses, and Changes in Net Position.

H. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of KCAPTA's CalPERS plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are report by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

I. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

J. Classification of Revenues and Expenses

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions such as passenger revenues, advertising revenues, and concessions.

Operating expenses: Payments to suppliers, to employees, on behalf of employees, and all payments that do not result from transactions defined as capital and related financing, noncapital financing, or investing activities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Classification of Revenues and Expenses (Continued)

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions and other revenue sources that are defined as non-operating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting*, and GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. Examples of non-operating revenues would be sales tax revenues, federal grants, and investment income.

Non-operating expenses: Payments that result from transactions defined as capital and related financing, non-capital financing, payments to pass-through agencies, or investing activities.

K. Contributed Capital

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, capital grants are required to be included in the determination of net income, which resulted in an increase in net revenues of \$11,070,732 and \$2,245,516 for the fiscal years ended June 30, 2024 and 2023, respectively.

L. Unearned Revenues

Unearned revenues arise when resources are received by KCAPTA before it has earned them.

M. Federal, State, and Local Grants

Federal, State, and local grants are accounted for in accordance with the purpose for which the grants are intended. Grants for operating assistance and the acquisition of equipment are recorded as revenues in the fiscal year in which the related grant conditions are met. Advances received on grants are recorded as unearned revenue until related grant conditions are met.

N. Pass-Through Activities

Revenues associated with grants, where KCAPTA serves as the administering agent, are recorded either as non-operating revenues or capital contributions based on the approved use of the grant. The related expense is recorded as “pass-through to other agencies” in the Statement of Revenues, Expenses, and Changes in Net Position as the expenses do not support the operations of KCAPTA nor provide an asset.

O. Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

P. Net Position

Net position represents the residual interest in KCAPTA’s assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted. Net position is presented in three broad components: net investment in capital assets, restricted, and unrestricted. Net investment in capital assets includes capital assets, net of accumulated depreciation/amortization and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. Net position is restricted when constraints are imposed by the third parties or by law through constitutional provisions or enabling legislation. All other net position is unrestricted. Operating losses excluding depreciation/amortization are funded by operating and capital reserves.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Funding Sources/Program

Federal Grants

Section 5307 Formula Capital and Operating Grants for Urbanized Areas with a Population of 200,000 or More

Section 5307 provides grants to finance planning and capital projects at 80%. Capital projects include the acquisition, construction, improvement, and other incidental costs of facilities and equipment used in the operation or lease of transportation services. Operating assistance is provided at 50% to finance program administration, technical assistance activities, and operating assistance to transit authorities to continue existing service and to meet routine changes in demand.

Section 5311 Capital and Operating Grants

Section 5311 provides formula funding to states for supporting public transportation in areas of less than 50,000 population. Eighty percent of the statutory formula is based on the nonurbanized population of the state. Twenty percent of the formula is based on land area. No state may receive more than five percent of the amount apportioned for land area. In addition, the Federal Transit Administration (FTA) adds amounts apportioned based on nonurbanized population according to the growing states formula factors of 49 U.S.C. 5340 to the amounts apportioned to the states under the Section 5311 program. Section 5311 funding is apportioned by the State of California based on population of the rural area of the County.

Funds may be used for eligible capital expenses (at 80%), project administration, and operating expenses (at 50%) to provide efficient and coordinated public transportation service in nonurbanized areas.

Coronavirus Aid, Relief, and Economic Security (CARES) Act Capital and Operating Grants

FTA allocated \$25 billion to recipients of urbanized area and rural area formula funds, with \$22.7 billion to large and small urban areas and \$2.2 billion to rural areas. Funding is provided at a 100-percent federal share, with no local match required, and is available to support capital, operating, and other expenses generally eligible under those programs to prevent, prepare for, and respond to COVID-19. Operating expenses incurred beginning on January 20, 2020, for all rural and urban recipients including operating expense to maintain transit services as well as paying for administrative leave for transit personnel due to reduced operations during an emergency.

Funds are disbursed through the FTA apportionments to its Urbanized Area (Section 5307) and Rural Formula (Section 5311) programs.

American Rescue Plan Act (ARPA) of 2021 Capital and Operating Grants

ARPA, which was signed on May 11, 2021, includes \$30.5 billion in federal funding to support the nation's public transportation systems as they continue to respond to the COVID-19 pandemic. Funding is provided at 100-percent federal share, with no local match required, and is available to support capital, operating, and other expenses.

Funds are disbursed through the FTA apportionments to its Urbanized Area (Section 5307) and Rural Formula (Section 5311) programs.

Section 5339 Bus and Bus Facilities Infrastructure Investment Program

Section 5339 provides formula funding for the replacement, rehabilitation, and purchase of buses and related equipment and to construct bus-related facilities, including technological changes or innovations to modify low or no emission vehicles or facilities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Funding Sources/Program (Continued)

Federal Grants (Continued)

Congestion Mitigation and Air Quality (CMAQ)

The State apportions Federal CMAQ funding for projects that will contribute to meeting the attainment of national ambient air quality standards for ozone and/or carbon monoxide in Clean Air Act non-attainment areas. The Kings County Association of Governments (KCAG) is responsible for selecting and prioritizing projects for funding, in consultation with the State, for this program.

Transportation Development Credits (Toll Revenue Credits)

Transportation Development Credits (formerly referred to as Toll Revenue Credits) provide a credit toward a project's local share for certain expenditures with toll revenues. The amount of the credit toward local share to be earned by a state is based on revenues generated by toll authorities within a state. Under the provisions of 23 U.S.C. 120(j), the Federal Highway Administration (FHWA) oversees the determination of transportation development credits within each state. For the FTA, the effect of utilizing transportation development credits means that the FTA, in essence, provides 100 percent of the total net project cost.

State Grants

Transportation Development Act Capital and Operating Grants

The Transportation Development Act (TDA) provides two major sources of funding for public transportation: the Local Transportation Fund (LTF) and the State Transit Assistance Fund (STA). These funds are for the development and support of public transportation needs that exist in California and are allocated to areas of each county based on population, taxable sales, and transit performance.

LTF: KCAG, as the designated Regional Transportation Planning Agency, monitors the LTF; determines the annual apportionments; notifies the claimants; and approves the apportionments, allocations, and uses of the LTF funds. KCAPTA annually receives LTF money from each member agency based on their individual share, based on a formula of service hours provided and population. The apportionment is based on the population of the cities and unincorporated areas of the County.

STA: STA funds come from statewide sales tax and diesel fuel tax as a second source of TDA funding. It is used for transportation, planning, and mass transportation purposes. The funds are apportioned to KCAG by a formula based on population and operator revenues, which then reallocates the funds to transit operators on the same basis.

California Transit Assistance Fund

The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 includes the creation of the California Transit Assistance Fund (CTAF). Capital projects eligible for funding by CTAF provide increased protection against security or safety threats.

Low Carbon Transit Operation Program

The Low Carbon Transit Operations Program (LCTOP) is one of several programs that are part of the Transit, Affordable Housing, and Sustainable Communities Program established by the California Legislature in 2014 by Senate Bill 862. The LCTOP was created to provide operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. Approved projects in LCTOP will support new or expanded bus or rail services, expand intermodal transit facilities, and may include equipment acquisition, fueling, maintenance, and other costs to operate those services or facilities, with each project required to reduce greenhouse gas emissions.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Funding Sources/Program (Continued)

State Grants (Continued)

Senate Bill 1 - State of Good Repair Program (SB1-SGR)

Senate Bill 1 (SB1), the Road Repair and Accountability Act of 2017, was signed into law on April 28, 2017. This legislative package invests \$54 billion over the next decade to fix roads, freeways, and bridges in communities across California and puts more dollars toward transit and safety. These funds will be split equally between state and local investments. The State of Good Repair Program (SGR) can be used for transit capital projects or services to maintain or repair existing transit fleets and facilities. Also approved are new vehicles or facilities that improve existing transit services. The money is made available to transit operators based on the STA formula.

San Joaquin Valley Air Pollution Control District (SJVAPCD)

The California Clean Air Act (CCAA) requires local air pollution control districts to reduce emissions from motor vehicles. Assembly Bill (AB) 2766, AB 923, Senate Bill (SB) 709, and AB 2522 authorized districts to impose fee upon certain registered motor vehicles within the district, and the governing board of the San Joaquin Valley Air Pollution Control District (SJVAPCD) has imposed those fees. Legislation required the SJVAPCD to use those funds for activities related to reduce air pollution from motor vehicles and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of the California Clean Air Act of 1988. On August 11, 2011, the SJVAPCD began to accept applications to approve funding those projects deemed to be most suitable for vehicle license fees and other funding. SJVAPCD has a public benefit grants program for new alternative fuel vehicle purchases. The grant is for public agencies requesting funding up to \$20,000 per vehicle for the purchase of new alternative fuel vehicles.

Transit and Intercity Rail Capital Program (TIRCP)

The Transit and Intercity Rail Capital Program (TIRCP) was created by Senate Bill (SB) 862 and modified by Senate Bill 9, to provide grants from the Greenhouse Gas Reduction fund (GGRF) to fund transformative capital improvements that will modernize California's intercity, commuter, and urban rail systems, and bus and ferry transit systems to significantly reduce emissions of greenhouse gases, vehicle miles traveled, and congestion. There were six cycles of funding, and the California State Transportation Agency (CalSTA) awarded more than \$10 billion in funding to 132 projects. This grant had a competitive process for allocation.

R. New Accounting Pronouncements – Implemented

GASB Statement No. 100 – *Accounting Changes and Error Corrections—an Amendment of GASB Statement No. 62*. For fiscal years beginning after June 15, 2023, and all reporting periods thereafter. There was no effect on KCAPTA's accounting and financial reporting as a result of implementing this standard.

S. Future Governmental Accounting Standards Board Statements

GASB Statement No. 101 – *Compensated Absences*. The requirements of this statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. KCAPTA will implement GASB Statement No. 101 if and where applicable.

GASB Statement No. 102 – *Certain Risk Disclosures*. The requirements of this statement are effective for fiscal years beginning after June 15, 2024, and all fiscal years thereafter. KCAPTA will implement GASB Statement No. 102 when and where applicable.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

S. Future Governmental Accounting Standards Board Statements (Continued)

GASB Statement No. 103 – *Financial Reporting Model Improvements*. The requirements of this statement are effective for fiscal years beginning after June 15, 2025, and all fiscal years thereafter. KCAPTA will implement GASB Statement No. 103 when and where applicable.

GASB Statement No. 104 – *Disclosure of Certain Capital Assets*. The requirements of this statement are effective for fiscal years beginning after June 15, 2025, and all fiscal years thereafter. KCAPTA will implement GASB Statement No. 104 when and where applicable.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash in the County Treasury as part of the common investment pool and with a commercial bank. These pooled funds are carried at cost, which approximates fair value. Investment income from the pool is allocated back to the respective funds based on each fund's equity in the pool. Any investment losses are proportionately shared by all funds in the pool. At June 30, 2024 and 2023, KCAPTA had \$11,167,591 and \$7,890,580 respectively, with the County Treasurer.

At June 30, 2024 and 2023, the reported amount of KCAPTA's deposits with banks was \$124,755 and \$70,488, respectively.

At June 30, 2024 and 2023, the reported amount of KCAPTA's petty cash on hand was \$250.

The County is authorized to deposit cash and invest excess funds by California Government Code Sections 53601 et seq. and 53635 et seq. The County is restricted by Government Code Section 53635, pursuant to Section 53601, to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, banker's acceptances, commercial paper, negotiable certificates of deposit, and repurchase agreements.

Investments in investment pools are considered unclassified as to credit risk because they are not evidenced by securities that exist in physical or book entry form. Investments in investment pools and other pooled investments are excluded from the concentration of credit risk disclosure under GASB Statement No. 40.

Interest rate risk is the risk that the market value of securities in the portfolio will fall due to changes in general interest rates. Interest rate risk is mitigated by: (a) structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and (b) by investing operating funds primarily in shorter-term securities. As of fiscal year-end 2024 and 2023, the weighted average maturity of the investments contained in the County Treasury investment pool was approximately 17 months and 17 months, respectively.

Credit risk is the risk of loss due to the failure of the security issuer or backer. Credit risk is mitigated by (a) limiting investments to the safest types of securities; (b) prequalifying the financial institutions, broker/dealers, intermediaries, and advisors with which the Treasury will do business; and (c) diversifying the investment portfolio so that potential losses on individual securities will be minimized.

As of fiscal year-end 2024 and 2023, the County Treasury investments in medium-term notes were rated Aaa to Aa3 by Moody's Investors Service (Moody's). The Federal Agencies, Money Market Mutual Funds, and Collateralized Timed Deposits are rated AAA to Aaa by Moody's.

Custodial credit risk does not apply to a local government's indirect investment in securities with mutual funds or government investment pools. The County issues a financial report that includes custodial credit risk disclosures for the cash in the County Treasury. The report may be obtained by writing to the Kings County Treasurer, Government Center, 1400 West Lacey Boulevard, Hanford, California 93230.

NOTE 3 – RECEIVABLES

Receivables for the fiscal years ended June 30, 2024 and 2023, consisted of the following balances:

Amortization of leased equipment is included with depreciation/amortization expense.

Subscription-Based Information Technology Arrangements (SBITA) Liabilities

For the years ended June 30, 2024 and 2023, KCAPTA recognized intangible right-to-use software arrangements of \$193,422. Accumulated amortization for the years ended June 30, 2024 and 2023, was \$65,514 and \$28,077, respectively. The asset will be amortized over the lease terms, as the lease terms correspond with KCAPTA's ability to access any software or equipment related to the SBITA. There are no residual value guarantees in the arrangement provisions. The SBITA arrangement has an interest rate of 4.0%. The arrangement will end December 2027.

A summary of the combined remaining principal and interest amounts by fiscal year for the SHI Microsoft agreement are shown below:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 20,333	\$ 3,028	\$ 23,361
2026	21,992	2,182	24,174

Total	<u>\$ 74,882</u>	<u>\$ 6,899</u>	<u>\$ 81,781</u>

NOTE 7 – COMPENSATED ABSENCES

Accumulated compensated absences payable in future years are recorded as an expense in the fiscal year earned by employees. At June 30, 2024 and 2023, \$65,939 and \$58,648, respectively, had been accrued and are included in accrued payroll and related liabilities.

NOTE 8 – DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description – KCAPTA participates in CalPERS, a cost sharing multiple-employer defined benefit pension plan administered by the CalPERS Board of Administration. Because KCAPTA's Plan has less than 100 active members, it is required to participate in a larger CalPERS risk pool. All qualified permanent and probationary employees are eligible to participate in KCAPTA's Miscellaneous Plan administered by CalPERS.

CalPERS issues a publicly available financial report that includes the applicable financial statements and required supplementary information for CalPERS. The report may be obtained from their executive office: 400 Q Street, Sacramento, California 95811.

Pursuant to Assembly Bill 340/Senate Bill 197 (AB340/SB197) (Public Employees' Pension Reform Act of 2013 (PEPRA)), all qualified permanent and probationary employees hired after January 1, 2013, are designated as "New Members" and qualified permanent and probationary employees hired on or before January 1, 2013, are designated as "Classic Members." This was later amended by AB 1222, enacted on October 4, 2013, which exempts public transit employees whose interests are protected by Section 13(c) of the Federal Transit Act from PEPRA. The bill provides an exemption from PEPRA for transit employees from January 1, 2013, until January 1, 2015, or until a court determines that the provisions of PEPRA do not violate their collective bargaining rights, whichever is sooner. In December of 2014, the court's decision triggered the end of the exemption. All transit employees with appointments starting on or after January 1, 2013, through December 29, 2014, will retain their classic retirement benefits for this period. All employees hired on or after December 30, 2014, will be subject to PEPRA retirement benefits.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments (COLA), and death benefits to Plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Benefit provisions are established by state statutes, legislatively amended, within the Public Employees' Retirement Law. Employees are eligible to retire at or after reaching the required minimum age, having attained five years of credited service, and are entitled to an annual retirement benefit. Benefits are payable monthly for life, in an amount equal to a percent of their average full-time pay rate based on the last consecutive 36 months of service.

Contributions – "Classic Member" participants are required to contribute 7.00% of their annual covered salary, and "New Members" are required to contribute 6.75% of their annual covered salary for the fiscal years ended June 30, 2024 and 2023. KCAPTA is required to contribute the remaining amounts necessary to fund the benefits for its members using the actuarial basis recommended by the CalPERS actuaries and actuarial consultants and adopted by the CalPERS Board of Administration. The required employer contribution rates for the fiscal years ended June 30, 2024 and 2023, were 11.84% and 10.32%, respectively, for "Classic Member" participants, and 7.68% and 7.47% and for "New Members," respectively. KCAPTA's total contributions to CalPERS for the fiscal years ended June 30, 2024 and 2023, was \$83,996 and \$74,278, respectively, and equals 100% of the required contribution for each year. (See Required Supplementary Information, Schedule of Contributions.)

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024 and 2023, KCAPTA reported a liability of \$440,384 and \$382,562, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023 and 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 and 2021. KCAPTA's proportion of the net pension liability was based on a projection of KCAPTA's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2024 and 2023, KCAPTA's proportion was 0.008810% and 0.008180%, respectively, which was an increase of 0.000630% and 0.00194% from its proportion measured as of June 30, 2023 and 2022, respectively.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the fiscal years ended June 30, 2024 and 2023, KCAPTA recognized pension expense of \$126,933 and \$109,537, respectively. At June 30, 2024 and 2023, KCAPTA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

2024	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 22,498	\$ 3,490

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

Actuarial Assumptions

For the measurement periods ended June 30, 2023 and 2022, the total pension liability was determined by rolling the total pension liability determined in the June 30, 2022 and 2021 actuarial accounting valuations to June 30, 2023 and 2022. The June 30, 2023 and 2022 total pension liability was based on the following actuarial methods and assumptions:

Valuation Date	June 30, 2022
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.30%
Salary Increase	Varies by Entry Age and Service
Investment Rate of Return	6.90%
Mortality	Derived using CalPERS' Membership data for all funds (1) Contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing power applies
Post-Retirement Benefit Increase	

(1) The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The expected real rates of return by asset class are as followed:

<u>Asset Class</u>	<u>Current Target Allocation</u>	<u>Real Return Years 1 - 10 ^(a,b)</u>
Global Equity - Cap-Weighted	30.00%	4.45%
Global Equity - Non-Cap-Weighted	12.00%	3.84
Private Equity	13.00%	7.28
Treasury	5.00%	0.27
Mortgage-Backed Securities	5.00%	0.50
Investment Grade Corporates	10.00%	1.56
High Yield	5.00%	2.27
Emerging Market Debt	5.00%	2.48
Private Equity	5.00%	3.57
Real Assets	15.00%	3.21
Leverage	<u>-5.00%</u>	(0.59)
Total	<u>100.00%</u>	

^(a) An expected inflation of 2.30% was used for this period.

^(c) Figures are based on the 2021-22 Asset Liability Management study.

Discount Rate

The discount rates used to measure the total pension liability was 6.90% as of June 30, 2024 and 2023, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)Sensitivity of the Net Pension Liability to Changes in the Discount Rate.

The following presents KCAPTA's proportionate share of the net pension liability calculated using the discount rate of 6.90 percent and 6.90 percent on June 30, 2024 and 2023, respectively, as well as what KCAPTA's proportionate share of the net pension liability would be if it were calculated using a discount rate of 1-percentage-point lower or 1-percentage-point higher than the current rate:

2024	1% Decrease 5.90%	Current Discount Rate 6.90%	1% Increase 7.90%
Net pension liability	\$ 719,372	\$ 440,384	\$ 210,753
2023	1% Decrease 5.90%	Current Discount Rate 6.90%	1% Increase 7.90%
Net pension liability	\$ 633,149	\$ 382,562	\$ 176,391

Pension Plan Fiduciary Net Position

Detailed information about KCAPTA's pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 9 – DEFERRED COMPENSATION PLAN

KCAPTA has made available to its eligible employees a deferred compensation plan under the terms of Section 457 of the Internal Revenue Code. KCAPTA matches 33.3% of the management employee's deferral up to a maximum of \$2,500 annually. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Amounts accumulated under the plan have been invested in several investment options at the direction of the employee. For the fiscal years ended June 30, 2024 and 2023, \$21,930 and \$21,466, respectively, had been contributed to the Deferred Compensation Plan, which is not included as part of the KCAPTA's financial statements.

GASB Statement No. 32 rescinded GASB Statement No. 2 and established accounting and financial reporting standards for Internal Revenue Code Section 457 deferred compensation plans of state and local governmental employers. The laws governing these plans were changed to state that as of August 20, 1996, new plans would not be considered eligible unless all assets and income of the plan are held in trust or covered by annuity contract for the exclusive benefits of the participants and their beneficiaries. KCAPTA's plan meets this requirement.

NOTE 10 – CONTINGENT LIABILITIES

Grants have been received by KCAPTA for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to a request for reimbursement for costs disallowed under the terms of the grants. The amount, if any, of costs that may be disallowed by the granting agencies cannot be determined at this time. Management expects such amounts, if any, to be immaterial.

NOTE 11 – TRANSPORTATION DEVELOPMENT ACT REQUIREMENTS

Local Transportation Fund

Under the TDA of 1971, KCAPTA received apportionments of Local Transportation Funds of \$2,000,000 and \$2,000,000 for the fiscal years ended June 30, 2024 and 2023, respectively. \$1,321,182 and \$138,769 were used to meet operating and capital expenditures in the fiscal years 2024 and 2023, respectively. Unexpended proceeds on June 30, 2024 and 2023, were \$4,197,377 and \$3,560,034, respectively.

State Transit Assistance

STA funds in the amount of \$1,463,717 and \$905,529 for the fiscal years ended June 30, 2024 and 2023, respectively, were received. \$1,594,523 and \$715,120 were used to meet operating and capital expenditures in the fiscal years 2024 and 2023, respectively. The funds will be used for the acquisition of land need to construct the new Hanford Transit Station and the match for replacement of buses. Unexpended proceeds at June 30, 2024 and 2023, were \$3,251,031 and \$3,381,837, respectively.

Sections 6633.2 and 6633.5

Pursuant to Sections 6633.2 and 6633.5 of the TDA, the ratio of fare revenues to operating cost of not less than 20% are set for an urban operator with a population of 500,000 or less and 10% for operators serving a non-urbanized area. The TDA allows the transportation planning agency to reduce the required minimum farebox recovery ratio to as low as 15%. Beginning with the fiscal year ended June 30, 2008, KCAG set the farebox ratio for KCAPTA at 15%.

The additional operating cost to a transit operator of providing comparable complementary paratransit services, pursuant to the Americans with Disabilities Act, that exceed the operator's prior year costs as adjusted by the Consumer Price Index are excluded from operating cost.

Section 99268.19

Pursuant to Section 99268.19 of the TDA, if fare revenues are insufficient to meet the applicable ratio of fare revenues to operating cost required by this article, an operator may satisfy that requirement by supplementing its fare revenues with local funds. As used in this section, "local funds" means any nonfederal or nonstate grant funds or other revenues generated by, earned by, or distributed to an operator. KCAPTA local funds includes advertisement revenues and concession sales.

KCAPTA's farebox ratios are as follows:

	<u>2024</u>	<u>2023</u>
Farebox and local support	<u>\$ 1,405,136</u>	<u>\$ 1,204,931</u>
Operating cost, excluding depreciation and amortization	<u>\$ 8,346,854</u>	<u>\$ 6,673,543</u>
Farebox ratio	<u>16.83%</u>	<u>18.06%</u>

PTMISEA

The PTMISEA was created by Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. The PTMISEA funds were available to transit operators over a ten-year period. KCAPTA has applied for and received all of the PTMISEA funds available to KCAPTA. As of June 30, 2022, KCPATA expended all funds plus interest earned on approved projects.

During the fiscal years ended June 30, 2024 and 2023, KCAPTA did not receive any PTMISEA funds.

NOTE 11 – TRANSPORTATION DEVELOPMENT ACT REQUIREMENTS (Continued)

PTMISEA (Continued)

During the fiscal year ended June 30, 2015, KCAPTA applied for and received \$1,477,904 from the State's PTMISEA account for CNG Bus Purchases. As of June 30, 2017, all of the funds (\$1,477,904) plus interest accrued (\$27,463) had been expended for this project.

During the fiscal year ended June 30, 2013, KCAPTA applied for and received \$1,457,871 from the State's PTMISEA account for (1) Bus Stop Amenities, (2) Intelligent Transportation System, and (3) Facility Improvements. As of June 30, 2017, all of the funds (\$1,457,871) plus interest accrued (\$29,494) had been expended on the projects.

During the fiscal year ended June 30, 2012, KCAPTA applied for and received \$2,169,459 from the State's PTMISEA account for (1) Davis Street Bus Facility Improvement Project, (2) Purchase New Transit Buses, (3) Bus Stop Amenities, and (4) Intelligent Transportation System. As of June 30, 2017, all of the funds (\$2,169,459) plus interest accrued (\$4,976) had been expended on the projects.

During the fiscal year ended June 30, 2011, KCAPTA applied for and received \$800,230 from the State's PTMISEA account for the Davis Street Bus Facility Improvement Project. As of June 30, 2011, all of the funds (\$800,230) plus interest accrued (\$48,423) had been expended for this project.

During the fiscal year ended June 30, 2008, KCAPTA applied for and received \$1,420,539 from the State's PTMISEA account for (1) purchase new CNG buses for KCAPTA fixed route transit system, (2) Purchase new paratransit buses for KCAPTA demand response system, and (3) the construction of a Compressed Natural Gas (CNG) fueling station. The construction of a CNG fueling station was canceled and the funds moved to a new project, Mobile Data Terminals. As of June 30, 2011, all of the funds (\$1,420,539) plus interest accrued (\$31,419) had been expended on the projects.

During the fiscal years ended June 30, 2024 and 2023, KCAPTA did not spend PTMISEA funds.

As of June 30, 2018, KCAPTA has spent \$7,326,003 for the purchase of new CNG buses, new paratransit buses, Mobile Data Terminals, Fare Collection Boxes, Bus Facility Improvement Project, Bus Stop Amenities, and Bus Intelligent System. There were no unexpended proceeds on June 30, 2019.

These funds were held in an interest-bearing account. Interest earned as of June 30, 2018, 2017, 2016, 2015, 2014, 2013, 2012, 2011, 2010, 2009, and 2008 was \$246, \$1,004, \$17,030, \$9,992, \$12,759, \$15,381, \$9,957, \$14,700, \$26,082, \$20,916, and \$13,708, respectively. Prior to the fiscal year ended June 30, 2021, all of the interest earned (\$141,775) had been expended on the projects.

California Transit Assistance Fund (CTAF)

During the fiscal years ended June 30, 2024 and 2023, KCAPTA did not receive any CTAF funds. As of June 30, 2024 and 2023, KCAPTA did not spend CTAF funds.

During the fiscal year ended June 30, 2018, KCAPTA applied for and received \$118,342 from the CTAF funds for Facility Security Improvements. During the fiscal years ended June 30, 2017, 2016, and 2015, KCAPTA did not receive any CTAF funds.

During the fiscal year ended June 30, 2014, KCAPTA applied for and received \$236,684 from the CTAF for Communication Equipment and Transit Security Enhancements. As of June 30, 2016, all of the funds (\$236,684) plus the interest accrued (\$1,600) have been expended on the projects.

During the fiscal year ended June 30, 2013, KCAPTA applied for and received \$118,342 from the CTAF for security enhancement at bus stop locations. As of June 30, 2015, the project was completed and all funds (\$118,342) plus interest earned (\$784) were expended on the project.

During the fiscal year ended June 30, 2012, KCAPTA did not receive any CTAF funds.

Notes to Schedule:

Changes of Assumptions

In 2015, amounts reported as changes in assumptions resulted primarily from adjustments to expected retirement ages of general employees.

In 2016, the discount rate was changed from 7.5 percent (net of administrative expense) to 7.65 percent to correct for an adjustment to exclude administrative expense.

In 2018, the discount rate was changed from 7.6 percent to 7.15 percent.

In 2023, the discount rate was changed from 7.15 percent to 6.90 percent

Measurement Date	June 30, 2023
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.30%
Salary Increase	Varies by Entry Age and Service
Investment Rate of Return	6.90%
Mortality	Derived using CalPERS' Membership data for all funds (1) Contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing power applies
Post-Retirement Benefit Increase	

(1) The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries.
